ESCAPES FROM JAIL

Scar-Faced Man, Held For Murder, Gets Away.

Hill City, Kan., Sept. 12.—Al Hall, alias Harris, alias Lewis, held for the murder of Albert Allen of Moreland, escaped from the county jail here Sunday morning. Ernest Edwards, a negro, held for assault with intent to kill, went with him but he returned at daybreak and gave himself up to the sheriff. Edwards tells a weird tale, evidently with the purpose of aiding Hall.

Bloodhounds were brought from Phillipsburg, arriving at 10 o'clock in the morning. They trailed Hall to a point on Coon creek but lost the scent there and were unable to follow further after repeated attempts. A reward of \$100 has been offered for his capture.

Hall is believed to be a bad man and it is thought that he is wanted in several places. He is about 38 years old, medium height, weighs about 140 pounds and has a scar across his nose.

NORMAL OPEN TUESDAY.

Many New Faculty Members at Pittsburg State School.

Pittsburg, Kan., Sept. 12.—The fall term at the State Manual Training Normal will open Tuesday, September 14. Indications at the normal office now are that all records for enrollment again will be broken. Students have been arriving for several days and rooming houses have been filling up. The new Russ Hall is being given the finishing touches of decoration and the building, which the state architect's office has pronounced the finest administration building at any of the Kansas schools, will be completely occupied by the fall term students. Additional new members of the faculty of the State Manual Training Normal have been announced by President William A. Brandenburg.

Mrs. May Beasley Adams, eight years instructor in voice at Hardin college, Mexico, Mo., will occupy a similar position at the normal.

Roy O. Courtright, famous football star at the University of Oklahoma, will be assistant athletic director of the normal. He will give his first attention to the football team at the normal.

Miss Gretta Smith of Minneapolis, Minn., succeeds Mrs. Blanche Taft as instructor in domestic arts. She is a graduate of Columbia university.

Miss Ida Green, graduate of the normal, returns to the school as an instructor in domestic arts department. She has been an instructor in the Fort Scott high school and the Kansas State Agricultural college.

Miss Marie Smith, graduate of Beloit college and Pratt institute, will be instructor in costuming, designing and handwork.

SCHOOLS WANT MORE MEN.

Demand for Male Instructors in Public Schools Grows Rapidly.

Emporia, Kan., Sept. 12.—The demand for men in the public schools is more evident at the Kansas State Normal this year than ever before, says Carl W. Salser, head of the extension division.

College seniors taking the degree of B. S. in Education this year every man has a position and less than half a dozen women are now without places. The salaries for men of this year's class vary from \$900 to \$1,400 and average \$1,125. The average for women of this year's class is \$80 to \$85. More than 300 teachers from the State Normal have gone this year into the schools of Kansas. The appointment bureau at the normal has been in a great many cases unable to recommend candidates because of the unusually large number of calls for well trained teachers. The average salary for teaching positions in Kansas shows a marked increase as judged from the salaries received by those who have gone out from the Emporia Normal to teach this year.

SUES FOR HUSBAND'S SUICIDE.

Act Was Result of Injury Received in Hutchinson Salt Plant.

Hutchinson, Kan., Sept. 12.—Mrs. Alonzo Wilson, widow of a salt workman, has filed suit in district court against the Barton Salt Co., because her husband had committed suicide.

Wilson was injured on July 3, 1914, while carting salt from salt bins at the plant. His head was injured and it resulted in his being mentally affected.

On May 3 last Wilson, while in an insane delirium, took carbolic acid killing himself. His widow brings suit on the theory that his fatal act was caused by the injury received at the salt plant nearly a year before.

She sued for \$8,420.
